

The Eastgate Regional Council of Governments is conducting a Regional Broadband Feasibility Study and we need your help!

Visit the [Eastgate website](#) to participate in a survey for residents and/or businesses. Your feedback will help the project team better understand the specific broadband needs in the region and will guide recommendations for future broadband investment.

We want to hear from those without reliable internet service as well. The attached surveys may be printed and filled out by hand. Completed surveys should be returned to Eastgate at 100 East Federal Street, Suite 1000, Youngstown, OH 44503 or via email to ephillis@msconsultants.com.

Thank you for sharing your input on broadband accessibility in the region!
